

testing::Test

```
graph BT; A[TypeParameterizedTestSuite< T >] --> B[testing::Test];
```

The diagram illustrates an inheritance relationship. At the bottom is a dark gray rectangular box containing the text 'TypeParameterizedTestSuite< T >'. From the top center of this box, two blue curved arrows point upwards to a white rectangular box with a thin gray border at the top. This top box contains the text 'testing::Test'.

TypeParameterizedTestSuite< T >
