

sf::AlResource

```
graph BT; A[sf::SoundStream] --> B[sf::SoundSource]; B --> C[sf::AlResource];
```

The diagram illustrates a class hierarchy for SFML audio classes. It consists of three rectangular boxes arranged vertically. The top box is labeled 'sf::AlResource'. A dark red arrow points from the middle box, 'sf::SoundSource', up to the top box. The middle box is labeled 'sf::SoundSource'. A light blue arrow points from the bottom box, 'sf::SoundStream', up to the middle box. The bottom box is shaded gray and labeled 'sf::SoundStream'.
