

Interface

```
graph BT; Mock[Mock] --> Interface[Interface];
```

The diagram illustrates a relationship between two components. At the top is a white rectangular box with a thin gray border containing the word "Interface". Below it is a gray rectangular box with a thin gray border containing the word "Mock". A solid blue arrow points vertically from the top center of the "Mock" box to the bottom center of the "Interface" box, indicating that the Mock implements the Interface.
