

std::false_type

std::conditional::type

testing::internal::
disjunction< P1, Ps... >

```
graph BT; A[testing::internal::disjunction< P1, Ps... >] --> B[std::false_type]; A --> C[std::conditional::type];
```

The diagram illustrates a type relationship. At the bottom is a gray box containing the text 'testing::internal::disjunction< P1, Ps... >'. Two blue arrows originate from the top of this box. One arrow points diagonally up and to the left to a white box containing 'std::false_type'. The other arrow points diagonally up and to the right to a white box containing 'std::conditional::type'.
