

vorbis_info

```
graph BT; A[vorbis_info] -- vi --> B[vorbis_dsp_state];
```

The diagram illustrates a pointer relationship between two data structures. At the top, a white rectangular box with a thin gray border contains the text 'vorbis_info'. Below it, a gray rectangular box with a thin gray border contains the text 'vorbis_dsp_state'. A dashed purple arrow points from the top of the 'vorbis_dsp_state' box to the bottom of the 'vorbis_info' box. To the right of the arrow, the label 'vi' is written in a light gray font.

vorbis_dsp_state
